President's Message to 1991 Graduating Class

Congratulations graduates! Well done! Your hard work and diligence has paid off! You have successfully achieved one of life's important milestones. The College community is proud to recognize and celebrate your success.

Graduation is a time of excitement and joyful anticipation. For most of you, it will become a stepping stone to a bright future. I urge you to take advantage of your own skills and those you have acquired while at Niagara. We will watch with great pride and interest as you achieve your goals and take your place in the community.

As you leave Niagara, I hope that you will fondly remember the many special people and moments which enriched your student life. I know that your teachers share your vision of the possibilities and responsibilities which lay before you. Along with your parents, they are proud to have been a part of your decision to pursue your studies to completion.

Cherish the friendships which you have made at the College. Share the enthusiasm of association and good times with each other whenever you have the chance. Get involved as an individual or a graduating class in the future of Niagara College through alumni or volunteer activities.

To all the members of the 1991 graduating class, may a rewarding and prosperous future be yours!

Editor's Notes

As the producer and editor of the 1991 Grad book I would like to thank the students and staff of Niagara College for all the candids we took; otherwise this would just be a book of mugshots. I hope that this year's book will project and further enhance the image that Niagara was the place where we've made friends and memories that will always stay with us.

A special thanks to SAC for giving me the opportunity to make my final year here at the college a memorable one. As the editor of the 1991 Niagara College Grad Book I have made many new friends and it has been a gratifying learning experience. I would also like to thank my family and friends for all their support and help along the way.

Remember back in first grade,
we thought we were so old.
The day we had the show and tell,
and brought some fools gold.

Remember a few years later,
we thought we were divine.
We teased the first grade babies,
at the ripe old age of nine.

Remember back in eighth grade,
we looked at him and sighed.
And dreamed of all those coming days,
out of junior high.

Now it's eons later,
and grad day is drawing near.
We think of bitter sweet memories,
and remember yesteryear.

Remember the hellos and the laughter,
talk over all our fears.
Reflect on learning and sharing
before goodbyes and tears.

Good luck to all grads,
Sonya T. Feeney
